## EXPERIENCE

### CEO & FOUNDER @ SOPHIRE.COM

DECEMBER 2014 - PRESENT

Founded an internet startup called Sophire.com in the last year of high school, and currently serve as the CEO. Sophire is a web design firm that focuses on custom websites for businesses, as well as building revolutionary software like an online launch platform for startups and an artificial intelligence web designer.

### WEB DEVELOPER @ MUSINSTITUTE.COM

September 2015 - Present

Serve as the lead web developer for NYC based music startup, MusInstitute, that seeks to provide free quality online music lessons. I designed and built the online course software, and am currently working on an enterprise version, to be sold to schools and universities, as a teacher-student communication tool.

### PRODUCT MANAGER @ RECITED VERSE

April 2016 - Present

Serve as the Co-Founder and product manager of RecitedVerse.com, a startup that seeks to make literature and poetry more accessible to teachers, students, and writes through online technologies. Along with being the primary web developer, I also overlook iOS/Android app development, graphic/UI design, and server security/management.

## WORK

### WEB DEVELOPER @ VORTEX REALTY LLC

August 2014 - Present

Work as the web developer for Vortex Realty LLC, (previously Icon Realty) a real estate agency based in San Antonio, Texas, with over 300 employees. I manage the company website, employee database, and am developing a new cloud platform that automates the process of a real estate transactions by generating legal documents and gathering digital signatures.

### OFFICE INTERN @ NYU OFFICE OF RES. LIFE & HOUSING

June 2016 - August 2016

Served as central office intern for the NYU Office of Residential Life and Housing Services. Primary duties included providing client support, and completing office tasks.
